

2018 UCAS Cycle Admissions Report

Brasenose recruits new students onto its undergraduate degree courses through a process that begins in October and concludes in January when final offers of places are sent out. Each year we receive a large number of applications from well-qualified candidates and 2018 was no different. The college seeks to select the students demonstrating the strongest academic ability and potential. These attributes are assessed using procedures operated jointly with Oxford's academic departments to ensure that candidates applying to us are compared fairly and consistently with applicants for the same degree course across the University. Procedures such as college reallocation, and second college interviews help ensure that the outcome of an application is not adversely affected by college choice.

Some facts and figures regarding the process and our offer holders are presented below for information, and a map of the locations of UK offer holders for the last three years is overleaf.

2019 Offer-Holder composition

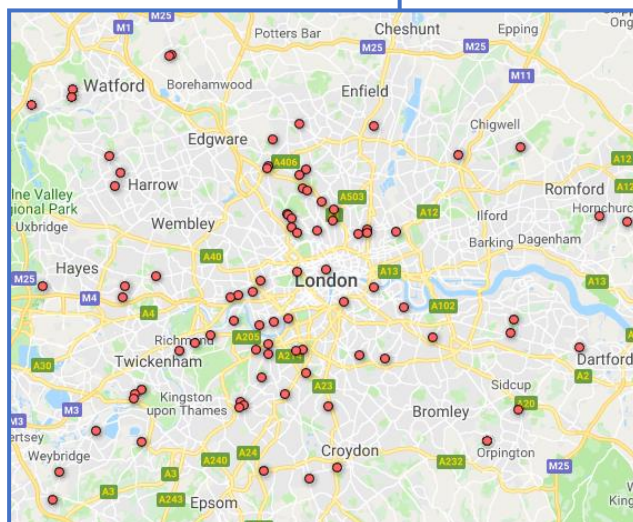

- 123 candidates hold offers for 2019 entry, including a small number of candidates holding deferred offers from the previous year, and in addition to a small number of candidates holding deferred offers for next year.
- 91.9% of Brasenose offer-holders initially applied to Brasenose.
- 49.6% of offer-holders are men, 50.4% are women.
- 88.6% of offer-holders are UK students, with the international students representing 10 different countries.
- Of the UK offer-holders, 76.4% are state-educated, which is above the University average.
- Most major regions of the UK are represented, including Northern Ireland, Wales, Scotland, the South-East, South-West, Midlands, North East, and North-West.

Admissions facts and figures

- 50.2% of Brasenose applicants were invited to interview at one of the Oxford colleges (higher than the University shortlisting rate of 43.7%). Most of those invited were invited to Brasenose, but a proportion were invited to different colleges having been reallocated. A small number of applicants to other colleges were also invited to Brasenose having been reallocated.
- 86.0% of candidates applied for a subject which required them to sit a pre-interview test. 49.9% of these candidates were shortlisted (higher than the University average of 42.1%).
- The overall proportion of candidates that applied to Brasenose that went on to be offered a place (either at Brasenose or elsewhere) was 19.9%, which is higher than the overall University figure of 16.9%.
- During the interview period (2nd Dec – 12th Dec 2018) Brasenose tutors conducted some 708 individual interviews for Brasenose candidates and some other second college candidates, representing over 240 hours of interviewing (over 10 days straight!). In addition, Brasenose candidates received over 200 interviews either at other colleges or in departments.
- 42 current Brasenose undergraduates volunteered to host candidates during the December interview period, working a total of 2,112 hours over a period of 12 days.
